The Design.

M.P.

The barrel is designed to allow a marker to be inserted and removed easily, yet hold it firm.

A corrosion-proof stainless steel screw is used to assemble the barrel and base,

The base is high-impact ABS, assuring maximum durability and break resistance.

The sticky-backed base allows mounting on any smooth, flat surface.

Swivels 180°

The design of this product speaks for itself. . .it is meant for years and years of dependable service. Made in U.S.A. with a percentage of recycled plastic, the Marker Parker from RCM Enterprises is the best in its class.

www.markerparker.biz

The Marker Parker is a product of RCM Enterprises. Located in the foothills of Northern California, RCM Enterprises is a state-of-the-art manufacturing facility. Throughout our 14 years of business, we have established many successful relationships with numerous companies in the manufacturing community. RCM Enterprises is a Certified Disabled Veterans Business Enterprise (DVBE).
